New York Health Coverage Outreach and Enrollment Summits: *Looking Back, Looking Forward*

A statewide series of regional events brings together community leaders and stakeholders to review the first year of outreach and enrollment for health insurance coverage available through *New York State of Health*, our state's new health insurance marketplace.

The Bronx-Manhattan Summit will engage statewide and local groups to examine best practices, and begin to develop regional coordinated plans for the second period of open enrollment (Nov 15, 2014 – Feb 15, 2015.)

Health advocacy groups, navigators, community groups, healthcare facilities, unions, health plans, and small business representatives are all encouraged to attend. Over a million New Yorkers have already enrolled in coverage, and we want continue this record of success!
