

New York Health Coverage Outreach and Enrollment Summits: *Looking Back, Looking Forward*

This series of regional events brings together community leaders and stakeholders to review the first year (2013–2014) of outreach and enrollment for New York State of Health.

The LI summit will feature local healthcare advocacy groups who will share their experiences, examine best practices and begin to develop regional coordinated plans for the second year of open enrollment (Nov 15, 2014 – Feb 15, 2015).

Health advocacy groups, navigators, community groups, healthcare facilities, unions, health plans, and small business representatives are all encouraged to attend. Over a million New Yorkers have already enrolled and we must continue this record of success next year!
