The New York Health Act- Healthcare as a human right

Universality

Everyone is included and can meet their healthcare needs.

Comprehensive

Full benefits and choice of provider

Equity

Funded fairly based on ability to pay. Quality care guaranteed for everybody

Accountability and Transparency

Accountable to the people, decisions made by people accountable to us.

Participation

Everyone has a meaningful voice in decisions that impact us all.

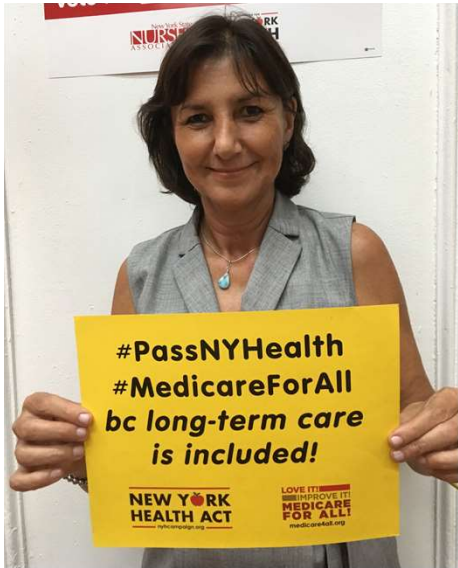

New York Health Act-Coverage

Comprehensive coverage

- Preventive services
- Hospital care
- Physician services
- Dental
- Maternity

**More comprehensive than
ANY private health insurance
plan offered!**

...e/Long
...necessary services"
pays or deductibles

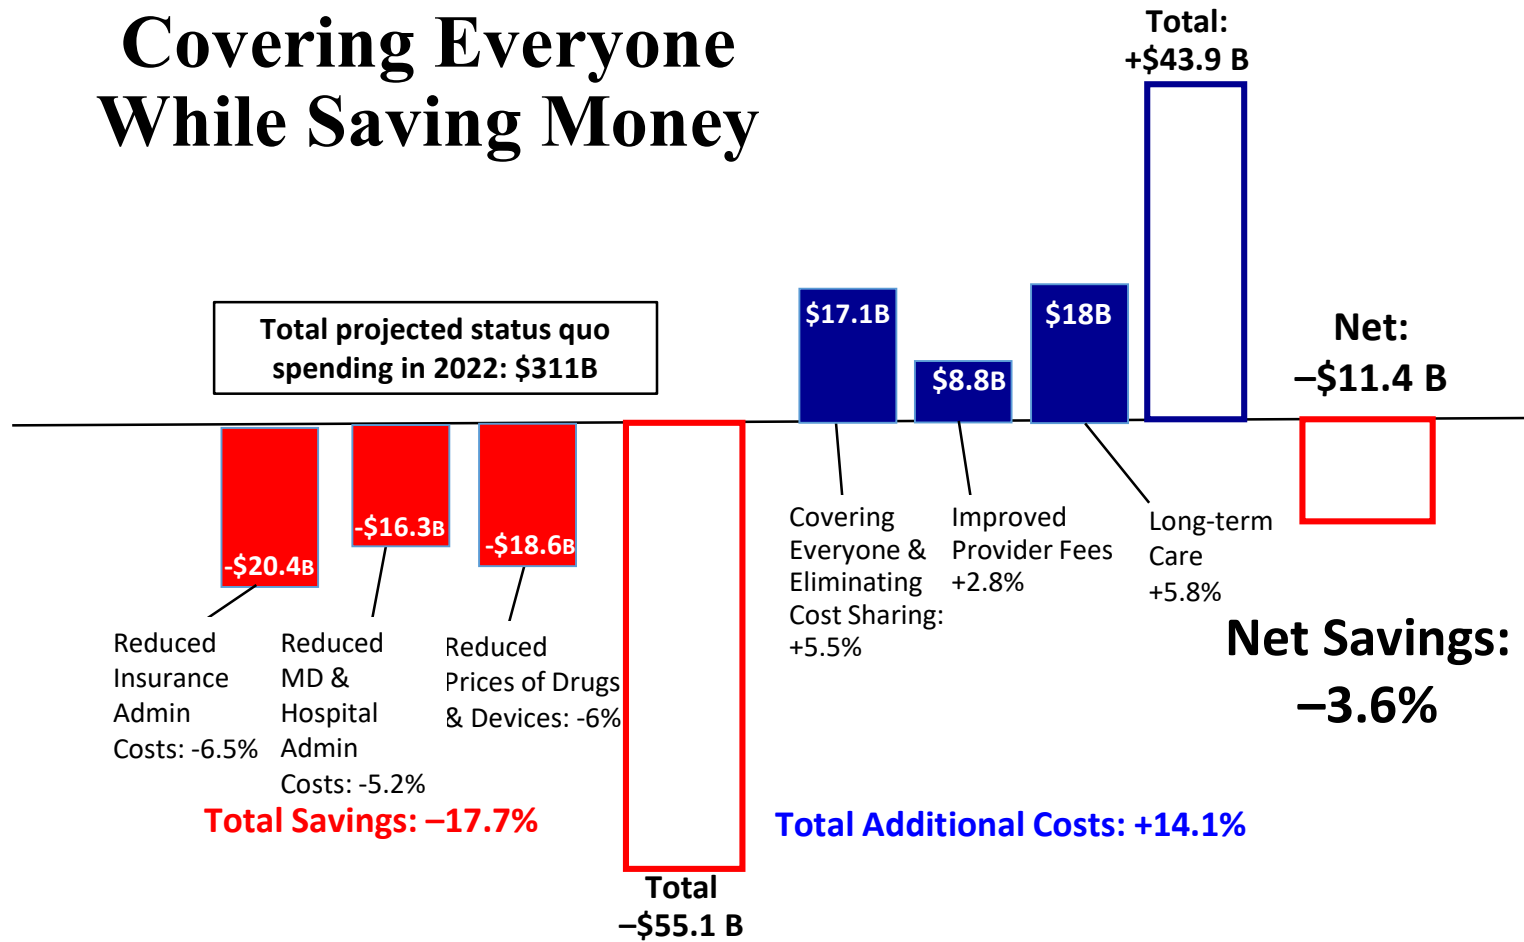

LONG TERM CARE

New York Health Act- Financing

- Existing funds from Medicare, Medicaid, CHIP, ACA
- Progressive payroll tax based on ability to pay and tax on investment income
 - 80% paid by employer
 - 20% paid by employee
 - First \$25,000 of income is not taxed
- Don't be scared by the word "tax" this payment would replace all out-of-pocket healthcare costs (premiums, co-pays, deductibles, etc.)
